

Who's Who in Lemon Grove

Ray Carmody is chief of the Lemon Grove Fire Department. Probably more kids envy Ray and his siren equip chief's car than they do the soda jerk at Lindley's Drug Store.

Ray is a quiet spoken, easy going young man who has a keen interest in community projects, especially in kids.

At present he is organizing a Junior Fire Department and Lemon Grove youngsters who join will receive badges, learn important rules and laws and take a safety pledge. Moreover, they will learn to recognize hazards and how to report them.

Ray's interest in kids is probably heightened by the fact that he and Madge Louise, his wife,

have no youngsters. Needless to say he will have plenty of them on his hands when the junior project gets under way.

Ray, who with his brother Dewey, operates the Carmody Cabinet Shop on North Avenue, joined the department in February 1951. He saw firefighting service in the Air Corp while assigned to the Air Service Command in Florida.

He claims to be one of "Muller's black sheep" but he is actually one of the Baptist Church's leaders. He is active on the church's building program, serving as Construction Chairman. As such he heads up a \$400,000 building project.

"Only about a third of the project has been completed," he says. "We're pressing hard to get going on the rest."

Ray has lived in the Grove four years, prior to that he lived in Compton, and in Nebraska, and served four years and three months in the Air Corps and wants to go back to none of them.

His taste for cherry pie topped with ice cream is so well known that the church hardly has a party without that high on the menu.

Madge, who works at the first National Bank downtown and he planned a nice vacation earlier this year. It turned out to be a busman's holiday because not only did Ray fail to get his trip started, he spent most every day at the firehouse.

New Schedule For School District

The Board of Trustees of the Lemon Grove School District, at the May meeting set a tentative schedule for the next school year. This schedule would have varied from the present one, in that classes were scheduled to begin earlier in the fall, would have a shortened spring vacation, and would end school by Memorial Day 1953. This was done because of new state regulations which do not allow for state funds in certain instances for the districts holding classes after the 31st of May. The entire Grossmont District had been agreed upon the new schedule, because of the financial loss that would be suffered otherwise.

However, new information just received from the State Department of Education and the County Superintendent's Office indicates that the districts would suffer no financial loss by moving the school calendar back to the schedule that has been followed in past years. This new interpretation of the law will permit all schools in the Grossmont area to fix more convenient calendars. The definite dates for the convening of classes in September cannot be announced until after the June meeting of the Board of Trustees, at which time the entire calendar will be set up and approved.

Classes in the Lemon Grove District will be dismissed on Thursday of next week, June 12. Teachers will report on Friday, June 13, for work with supplies, texts and records.

TEAMS SPAR FOR ADVANTAGE — BUT AVOID SETTING DATE

Smoke and sparks began to appear this week as interest picked up in the contemplated Lions vs Kiwanis softball game.

No date has been set for the game as yet because, as Kiwanis president, Chan Mason, pointed out, they are afraid to set a date.

"They said I couldn't make a bet on their team," commented Dr. Jim White. "They have nine boys as a team now. Why would they want another?"

Grant Hadley had indicated that he could out-perform the Kiwanis boys on the baseball diamond. "I can out-hit-out-play and out-smart Grant Hadley on any field at any time," Mason stated.

Luther Hussey, having wound up training for the game by running for political office, saw in the failure of the Lions to set a date a "definite sparring for advantage." The game which up to now has only developed name calling and muscle showing will be played probably sometime in July with the receipts going to buy band uniforms for Lemon Grove school kids.

Actual date will be announced after both teams blow off steam and settle down to getting details of the game organized.

GRADUATION BUILT ON "AMERICAN LIVING" THEME

Graduation for approximately 165 eighth graders from the Lemon Grove School will be held on the evening of June 12 (Thursday) at 8:30 on the school tennis courts.

Theme for 1952 "Living in Our America." Student try-outs for speakers were held last week. Results were that Sharon Fisher, 8-3 class, will talk on "History Around Us;" Sue Ann Martin, 8-4 class, will discuss "Home Problems and World Responsibility;" Karen Dawson, 8-1 class, will speak about "One World through Invention;" and Percy Lester, 8-1 class, will discuss "Facing the Future." At this time the made to the outstanding scholar of the graduating class.

At a joint meeting of the 8th graders the following seventh grade girls were elected to serve as usherettes at the graduation: Leah Conley, Elizabeth Beebe, Patsy Reagan, Louis Robinson, Janalee Johnson, Mary Alice Farrell, and Peggy Moore. They will assist with the seating of guests. Each graduate will be permitted four tickets for the ceremony. Visitors without tickets will not be seated until after 8:30 if seating is then available.

Following the graduation, an eighth grade party will be held in the Lemon Grove Women's Club at 8:15. This party, given by the graduates' parents, will be sponsored by parents and teachers.

During the final two weeks effort will be made by members of the clean-up campaign group to remove every fire hazard in the area.

GROUP TO MEET MONDAY ON GROVE INCORPORATION

The third meeting of the citizens interested in incorporating Lemon Grove will be held at the Lemon Grove Community Center Monday June 9th at 8:30 p.m.

This will be the first organizational meeting, and regular committee members and chairman will be elected.

Two meetings were held last month to see how much interest there was in the incorporation proposal and what to do about it. So much interest was displayed that a decision was reached to hold this meeting at a larger place and choose committees to further investigate the idea.

Primary purpose of these meetings is to organize a group of interested citizens who will fully investigate the proposition of incorporation and present to the community actual facts and figures for and against the measure.

These group meetings, to which everyone is invited, received their start after a local college student presented a survey on incorporation at a recent Chamber of Commerce meeting. This survey listed the advantages and disadvantages of a community incorporating and described the benefits available, particularly to Lemon Grove. Inspired by this report, several local citizens started meeting together.

At the first two meetings, effort was to "spread the word." Not wanting the project to be mislabeled as a clique or machine effort was spared to try and get every interested citizen to appear. Every local service club or civic group was contacted in some manner and the response was overwhelming.

Clean-Up Campaign To Go Two More Weeks

The Lemon Grove vs Spring Valley "Clean Up" contest will continue two more weeks, judges decided after viewing results of the intensified month's campaign which was to have ended last Saturday. Although a great amount of work has been done in connection with the campaign, the judges pointed out, fire hazards have dictated the need for continuing this contest another two weeks.

It will now end on June 14th after which the community with the best clean-up record will be judged winner. During the drive many improvements in appearance and tidiness have resulted for Lemon Grove. One particular commendable improvement was the painting of the "Lemon" in the downtown Grove area. Weeds along the railroad and on many vacant lots were burned. Shrubbery has been trimmed and many buildings have been painted. All in all the campaign has been effective.

During the final two weeks effort will be made by members of the clean-up campaign group to remove every fire hazard in the area.

SONKA RETURNS FROM VACATION

One of our better known Lemon Grove landmarks is back again. Tony Sonka has just returned from a ten-day vacation in the northern part of the state. So many things have happened during his absence that it would take Tony ten days to catch up on what he missed during his vacation.

Local Store Gets Wide Publicity

The Western Food and Seed magazine is published monthly and distributed throughout the west to firms in feed seed and farm supplies business.

The main story in this month's 64 page issue featured a Lemon Grove firm.

There, in the very first story, pictures and all was a success story of the Mason Feed and Supplies.

The picture showed Chan Mason with a customer in town and Leland Whitted, store manager feeding a baby calf which was at that time a feature of the store.

Appropriate underlines permitted the reader to tell the difference between Chan Mason, Whitted, and the calf.

FETTERS GIVES PARTY FOR FIESTA ENTRANT

A birthday party given for Toni Callian last night to further her chances in the Lemon Grove Annual Rodeo as Queen of the Fiesta was termed a "complete" success by Ted Feters, operator

of Pal's Cafe. The party was given at his place and 20 per cent of the receipts for the evening went into the Callian popularity campaign fund.

Various business firms in the community are sponsoring choice for the coming Fiesta, but Feters thinks Miss Callian has a good chance what with the generous contributions resulting from last night's party.

"We haven't figured the total yet," Feters said, "but the amount should be considerable."

A sixteen inch birthday cake shared attention at the party.

COMPLACENCY COSTS 6 BILLIONS

"Jules Verne never wrote a more fantastic fantasy than the planned impact of the plot against our domestic economy. — Interest next year on our Federal debt and the international New Deal is \$6,256,000,000. This tidy little tribute from complacent citizens is more money than it took to run the entire Federal government prior to 1933. It is in truth an attack upon the financial stability and security and future of this nation."

COFFEE CANS SERVE AS WATER GAGES

A simple way to check on how well, and much water is applied to an orchard by sprinkling is with the use of several empty coffee

cans. Farm advisor Joe Coony of the University of California reports that only one can would be necessary if all sprinklers applied water evenly.

The average of the water collected in the cans gives a gauge of the amount of water applied. From one and a half to three inches in depth, nature and moisture content of the soil. Working with a soil auger will soon give a irrigator an idea of how much water is needed to wet the root area each irrigation.

GROVE SCHOOLS GET POLIO PLEDGE

From kindergarten to college, students in San Diego city and county schools received the POLIO PLEDGE this week.

Mrs. Mary L. Fay, prominent figure, was chairman of the mass taking sponsored by the San Diego County Chapter of the National Foundation for Infantile Paralysis.

The POLIO PLEDGE is a printed sheet telling students and their families what to do if polio should strike in the community. It is a nation-wide project of the Foundation.

"If parents will sit down with their children and read this PLEDGE," said Mrs. Fay, "they will realize that by all working together in San Diego this summer we can aid in preventing a polio epidemic. Summer time is the dangerous time and not knowing what to do in case of polio could be hazardous."

Pledges were carefully counted and distributed to all schools by volunteer workers of the March of Dimes, Dr. G. Wetherell, city schools health education officer, and Glenn Arnett, of the county schools, were instrumental in getting the pamphlets distributed to each school.

SAN DIEGO SCRAP BOOK

Anticipating the arrival of the Texas and Pacific Railroad in San Diego, the Horton Bank Building was constructed in 1872 to house the offices of the railroad company. Built on Third and Broadway, each step of the construction was carefully supervised by Alonzo Horton, and no detail or expense was spared to make the building one of the finest in the state.

When a bank vault was planned in one corner of the building Horton was not content with the proposed base of ten-foot thick concrete. Instead, he ordered that empty bottles be gathered up all over town, and the broken glass incorporated in the concrete mixture as a further safeguard against ambitious burglars.

The railroad failed to materialize, and the building became the home of the SAN DIEGO UNION, and also housed the offices of the Spreckels Companies.

This photograph, from the historical collection of Union Title Insurance and Trust Company, shows the structure as it appeared in 1901. Five years later, in 1906, it was torn down to make way for the present six-story building on the same site.

Subject selection with counseling which involved the whole faculty was done several weeks ago by each pupil, and the program for which he will select teachers on June 11 bears the signature of his parent and counselor.

Students Give Ideas On Cafeteria

While the School Board, the cafeteria manager, and the administrators are worrying about how to get money for an adequate cafeteria building, the pupils have been putting down their own ideas on aspects of the cafeteria situation. They've been considering the kinds of food they like, their special dislikes, the type of meals best for them, the service and the behavior in the cafeteria, and what to do about each.

Can you guess their favorite foods? Hamburgers and hot dogs were their second and third choices, but Mrs. Richter's delicious spaghetti crowded both of these all American favorites out for first place. Ice cream was definitely first choice on dessert, followed by cherry pie, peach pie (with canned not dried peaches), and Jello. Using dried peaches in the pie is another story. Dried peach pie - the children call it "dark peach pie" and sometimes even "prune pie" - ranks first in their list of dislikes, with cheese rarebit second, and spinach third. They say they prefer mildly seasoned foods - except, of course, for their favorite, spaghetti.

New U. S. Bonds To Pay Interest Semi-Annually

The Treasury's new Series H bond, a companion to the familiar Series E Defense bond, went on sale Monday.

The new bond, the biggest innovation in the revamped multi-billion dollar Savings Bonds program, is a current income investment, yielding 3 per cent interest when held to maturity. Interest will be paid by check semi-annually on a graduated scale.

The main difference between the Series H and E bond is that the E bond accrues the interest, yielding rather than returning it as current income.

Expected to become a popular investment for the retired, the Series H bond will be sold only to individuals. Minimum denomination is \$500 and the purchase limit in any calendar year has been fixed at \$20,000. H bonds are sold at par and redeemed at par. They mature in nine years, and eight months, the same as the maturity period of recently improved Series E bonds.

LETTERS TO THE EDITOR

Dear Mr. Goodwin;

An event even more important than the recent primary election, at least in local Lemon Grove residents, will occur this Monday night, June 9 at the Lemon Grove Community Center at 8:00.

The occasion is the first actual meeting of all citizens interested in seeing Lemon Grove become a city.

What is incorporation? How much will it cost? What are its benefits? What are its bad points? If we are to become a city, why not annex to one already in existence?

These and other pertinent questions will be answered at this meeting, and future ones, if you citizens are interested enough to participate.

Not a pressure group or faction but a plain everyday get together of people interested in community development and welfare are the individuals that comprise this group. Their primary interest is knowledge. A project such as this does not lend itself to individual accomplishment, it is purely a community affair. As such, a large body of persons is required to form active committees that are willing to search out information and present it to the people in intelligent and comprehensive manner.

This is your chance to help out in a community task. All members of local service groups and civic organizations have been approached and are interested. But this is not enough. We need you. You, the person that is not associated or cannot be otherwise contacted.

At this meeting, we hope to formulate a temporary chairman, and committees for investigation and publicity. To do this, we need representatives from everywhere throughout the Lemon Grove School district. This includes Monterey Heights, Vista La Mesa, Lemon Grove, American Homes,

Meat Loaf Takes Spring Style
Diced cooked ham and grated American cheese molded with unflavored gelatin hearten the dinner at a spring day meal. This main course loaf extends a last portion of ham to family size portions. It has interesting texture, too, because the meat and cheese are skillfully blended by the gelatin with crisp celery and sweet pickle, another example of gel-cooking. Parsley potatoes and asparagus complete this dinner with the seasonal compliments of spring.
Molded Ham And Cheese Loaf
1 envelope unflavored gelatin 1/2 cup diced celery
1/2 cup cold water 1/2 cup diced sweet pickle
1/2 cup hot water 1 cup grated American cheese
1 teaspoon salt 1 cup diced cooked ham
1 cup vinegar
Soften gelatin in cold water. Add hot water and salt and stir until dissolved. Add vinegar. Chill until the mixture is the consistency of unbeaten egg white. Mix in celery and pickle; divide mixture into two parts; to one add the grated cheese; to the other the diced ham. Turn ham mixture into loaf pan and chill until almost firm; add cheese mixture. Chill until firm. Unmold on crisp greens and serve with tomato wedges. YIELD: 6 servings.

SIXTH GRADE NEWS

In Mr. Purves six grade class, these students will hold class offices until the end of the term: Jean Hickman, president; Kenneth Smith, vice-president; Mary Telles, secretary; Jane Carlson, librarian; Mary Brown and Sharon Easelle, room monitors.

The class is proud of Kenneth Smith, Karen van Gilse, and Mary Telles, all of whom were members of the citizenship club for four quarters of the year.

VISTA LA MESA

Pupils in Mrs. Tait's third grade at Vista La Mesa have welcomed Cheryl Ann McGee to their class from Pacific Beach. However, they were sorry to lose Paul Johnson who moved with his family to Mission Beach.

Seventy-nine members of the Vista La Mesa School Citizenship Club enjoyed a picnic at El Monte Park on Thursday, May 29. The group was accompanied by Ben Schel, school principal, Robert Masters, Hal Rozan, and Mmes. Bryant, Beckham, Plachon, and Drummer, mothers of students.

The boys and girls in Mrs. Hunt's first grade at Vista La Mesa presented an assembly program in which they showed how Neighborhood Helpers are important in our daily lives.

Robert Reagan was the announcer.

The third grade of the Vista La Mesa School culminated a social studies program for the year with a visit to Balboa Park.

Accompanying the class on this field trip were Mmes. John Jones, Telen, and the teacher, Mrs. Whaley.

GOLDEN AVE

STUDENT COUNCIL NEWS

The student council at the Golden Avenue School plans a picnic for all those students in the school who have outstanding records for citizenship this year. This means those pupils who have been members of the club for the entire year.

At an assembly which the council held last week at the school, sixth grade patrol boys who have served faithfully on the School Safety Patrol were given honorable discharge papers. Awards were also given to playground safety and office monitors.

MUSIC DEPT. NEWS

Members of the Lemon Grove School Band, majorette corps, and pom pom corps marched last Friday in the Memorial Day parade at La Mesa. The groups were under the direction of Paul Chatham and Donna Dreyer. The band from Helix High School and Ozzie's Band also participated in the parade.

Teacher's Association Meeting Held Thursday

Final business meeting of this school year was held by the Lemon Grove District Teachers' Association in the San Miguel School Auditorium Thursday, Cedric Stammerjohn, newly elected president of the club, called for final committee reports and then asked for reports on the recent CTA meeting in Los Angeles.

The last Monterey Heights P. T. A. meeting of the school year was held Thursday, in the Kindergarten room of Monterey Heights School. Theme was "Father Has His Day." The Fathers were hosts for the evening. The Lemon Grove School Orchestra played under the direction of Paul Chatham and the Junior High Boys Quartet sang under the direction of Mrs. A. Krinsky.

Officers of Monterey Heights P. T. A. were installed during the meeting. Refreshments were served.

GROVE BOYS JOIN HI-Y CLUB

Don Brand, president and Frank Cross, Advisor headed the ceremony at the formal induction to the Lemon Grove Hi-Y Club of the following: Helix High boys at the Downtown Y recently.

Meetings Scheduled To Study Unified School District

The Lemon Grove District Board of Trustees, asked the San Diego County Committee on School Organization to study the question of unification for Lemon Grove at the May meeting and this committee has normally accepted the request.

THE SMALL COMMUNITY of Waterloo, Neb., has a problem—a serious problem which has been mentioned casually by a number of weekly newspapers in other sections of the country, George Wood, Jr., editor of the Douglas County Gazette, has written a strong editorial about the problem. Here it is:

"...It's Sunday, and with the birds and the bees, and buds of the trees, the crazy, morose, hot-rod drivers have burst into full bloom.

"The screen of tires on dry pavement, the continual blare of horns, the revved up motors, heralded the event long before the first robin—even before the first blade of grass was even thinking of turning green.

"Parents in the neighborhood dash to windows in alarm as noise of two-wheel corner turns comes through the house, hoping to find their little ones safe and sound—hoping that the hot-rod remained in the street instead of crashing into the play pen or sand box—hoping for Sunday to end without a fatality, but dreading the noontime recess and after-school games of car tag, bumper-to-bumper games and short-distance races that are to come on the morrow.

"What a hell of a way to live in communities of our own choosing. Perhaps pulling up with this sort of nonsense goes with this many nice things that go with living in a small town, and this dangerous living isn't confined to any particular town or community—this thing is present in every one of our small towns in rural Douglas county.

"Please, in heaven's name, before one of your children or one of my children shall become a victim of our own negligence or of our own cowardice, please, let's try and stop it.

"How? I don't know. Perhaps by becoming a community of stool pigeons, by filing individual complaints against individual offenders, we can at least make a start. Or, joint complaints might be filed by a group of citizens and given to the law enforcing agency in our villages.

"But, whatever we do, let's start it before it's too late... it must be done now!"

We Want Floyd

Home towns don't like it when neighboring communities begin to claim a local boy who has made good. E. W. Lauck, editor of the Page News and Courier, Luray, Va., had definite thoughts upon the subject recently. He wrote:

"As Jackie Gleason says, Harrisonburg is a 'nice town,' and apparently the citizens of Harrisonburg think it's a nice place to be from, if you know what we mean. At any rate, they continue to tell the world that Floyd Baker is their very own and hails from that city.

"Now this has our dander up. You see Floyd was born in Luray, went to school here, graduated here and played ball on the best high school team we ever had. That gives us a right to claim Floyd on our part, and, since he claims Luray on his part, it appears that the matter is settled.

"Harrisonburg can have its turkeys, its Madison College, and it can call itself the central gateway to the Nation Park but, by gosh, we want Floyd Baker."

A series of at least three meetings will be held on the subject in the near future although no dates for these meetings have been set yet. The committee, during the study, will be composed of the Lemon Grove trustees and those of the Grossmont Union High School District with each district having one representative on the committee.

Many questions will be considered during the study. If the decision of the committee recommends unification, then that recommendation must be approved by the State Board, which in turn will notify the County Superintendent of Schools to call a election to discover the recommendations of the voters.

Many studies of unification are being made in this state at this time but the Lemon Grove Board says that the other studies would not provide the answers for Lemon Grove's questions on school problems. Therefore they requested this study here at this time.

The Board also reported the need for a representative group of people to advise the board, to help interpret the wishes of the community and to assist in interpreting the school program to the community. They have asked that a Lemon Grove School District Citizens' Advisory Committee be established to study the problem of unification of the school district. When his problem is recognized, the committee would then become inactive or take another problem which might face the district.

CALIFORNIA SCHOOL TEACHERS SEEK A MILLION SIGNATURES

Shattering all existing records, California's school teachers will have the signatures of more than one million Californians to qualify the initiative constitutional amendment for the November ballot to increase State aid to schools and lessen the pressure on local property taxpayers.

In San Diego County, including Lemon Grove, it was announced today by petition sponsors, 82,000 persons signed the school initiative. To qualify for the November ballot, an initiative must have the signatures of 303,687 registered California voters, a number well under the announced total for the school initiative. 380,000 have already been obtained after five days of circulating the petition.

The school aid initiative sponsored by the California Teachers' Association seeks to increase State aid to schools to \$120 per pupil in average daily attendance, guaranteeing every district a minimum of \$120 per pupil, the difference going into an equalization fund for financially distressed districts and for school transportation and their incidentals.

The present constitutional guarantee is \$120 per pupil with \$90 paid to each district. The Legislature in recent years, however, has increased the \$120 figure to \$145. enactment of the CTA measure would mean an increase in State support of \$35 per pupil, or approximately \$70,000,000.

It is possible, the initiative's sponsors point out, that the measure can be financed out of present revenues without raising State taxes.

Grossmont Calendar Lists Coming Events

A calendar of school activities from now until the end of the year is presented by John S. Cornish, vice-principal of Grossmont High School. It is as follows:

June 3 - Senior Finals and June 6 - Baccalaureate rehearsal. Journalism dinner for seniors. June 8 - Baccalaureate - 2:30 p.m.

Grossmont Auditorium, June 9 - Band Awards Banquet - 6:30 p.m., Cafeteria. REGISTRATION FOR NEXT YEAR BY C. S. F. MEMBERS. June 10 - Underclassmen Finals and June 11 - Registration for next year. Graduation rehearsal. June 12 - Check-out day. June 13 - Graduation - 4:45 p.m., Greek Bowl.
